

Caring for the **Care Partner**

Virtual Education Series

If you are caring for a loved one living with cancer, you are not alone. We are here to support you. We've created an online program to share educational resources and opportunities to connect with other care partners. The programs will include a short presentation by our cancer center experts, followed by a question and answer session.

Care Partner 101

Learn about resources and support services at Taussig Cancer Center. We have a range of programs available to help you in your care partner role.

Supporting a Loved One with Cancer - Part 1

Coping with a loved one's cancer can be overwhelming. Learn about depression and ways to support a family member or friend.

Supporting a Loved One with Cancer - Part 2

Learn how to connect with a care partner mentor through our 4th Angel Mentoring Program. Hear from other care partners and discover ways to practice self-care in your role as a care partner.

Navigating Disability, Insurance and Financial Questions

This session will cover how to access financial, insurance and disability resources.

Zoom details and login information will be sent to you prior to each session.
