

# What if I'm Having a Heart Attack?

## Call 911

## Get to the Hospital Right Away!

- If you or someone else has any signs of a heart attack, **call 911 right away.**
- **Do not wait** to call for help!
- Follow the 911 dispatcher's instructions.
- **Do not** drive yourself to the hospital!

## Symptoms of a Heart Attack

- Pain or discomfort in chest or upper body for more than a few minutes
- Trouble breathing or feeling short of breath 
- Sweating or "cold sweat" 
- Feeling full or like you have heartburn or an upset stomach
- Nausea or vomiting 
- Feeling light-headed, dizzy, very weak or anxious  
- A fast or irregular heartbeat

*These symptoms can be mild to severe, and may last from 30 minutes to over an hour.*

# What if I'm Having a Stroke?

## Call 911
