Hospital Billing Policies

Akron General will bill all of your medical insurance carriers. Please be sure we have your correct and complete insurance information. This is most easily accomplished if you present your insurance cards when you are registering. Copayments should be paid at the time of service.

Balances remaining after insurance payments and adjustments will be billed to you. You may also be billed if your insurance company denies payment or fails to respond. We encourage you to appeal denials with your insurance company and to call them when you have not received notice that they have paid your bill.

When you do receive your bill, payment in full is expected, and appreciated. If you cannot pay your entire balance, please call us and we will try to help.

Having trouble paying your bill? Uninsured? You may be eligible for financial assistance. For information call 330.344.6924 or 1.866.440.0257, or you can go to www.akrongeneral.org/financialpolicy.
